

# Technical Specifications

The Hornbill Smart Work Pod is an Italian designed, all-in-one, ergonomic workspace solution suitable for both office and home environments. With its sleek aesthetics, smart functionalities, and ergonomic features, the Work Pod meets the demands of modern professionals seeking a productive and healthy work environment.

## Key Features

1 Ergonomic Design:

Crafted for optimal comfort and ergonomic support, this work pod seamlessly transitions between sitting and standing positions, reducing fatigue and promoting well-being. Its sleek design complements both home and office settings.

2 Lift Mechanism:

Electric height adjustment from 720 mm to 1060 mm with a seamless transition and an anti-collision safety feature to prevent accidents during height adjustments.

3 Integrated Lighting:

Adjustable LED lighting allows you to customize brightness levels, creating an ideal workspace for any task and reducing eye strain during extended work sessions.

4 Control Panel:

Intuitive and user-friendly interface for seamless adjustment of light intensity, desk height, and power settings.

5 Acoustic Fabric Panel:

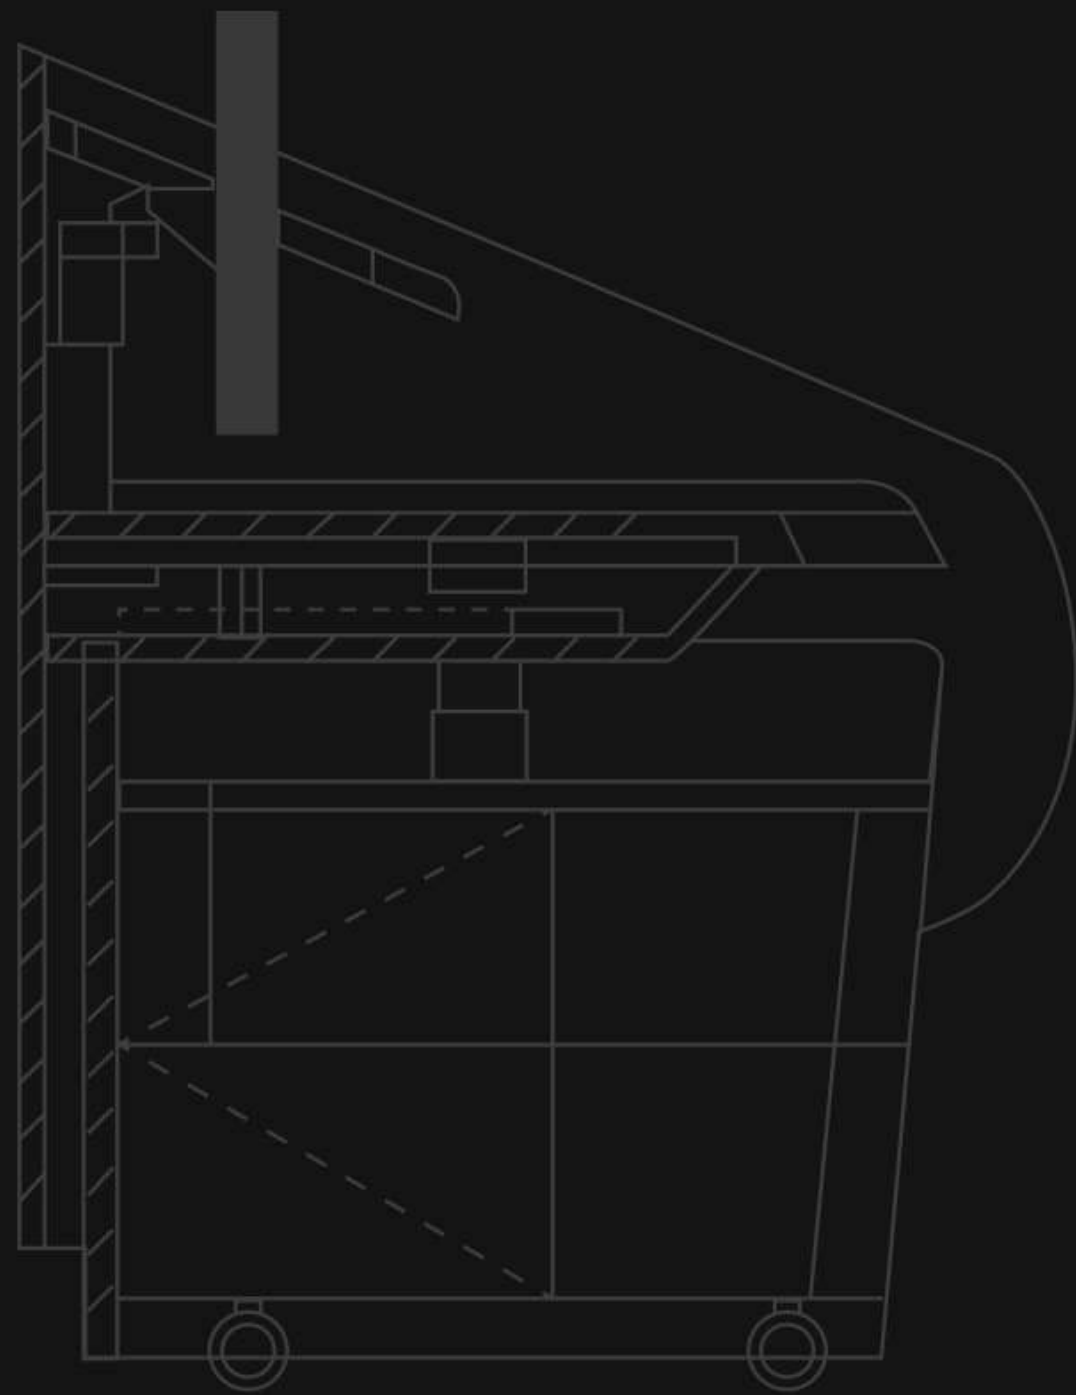

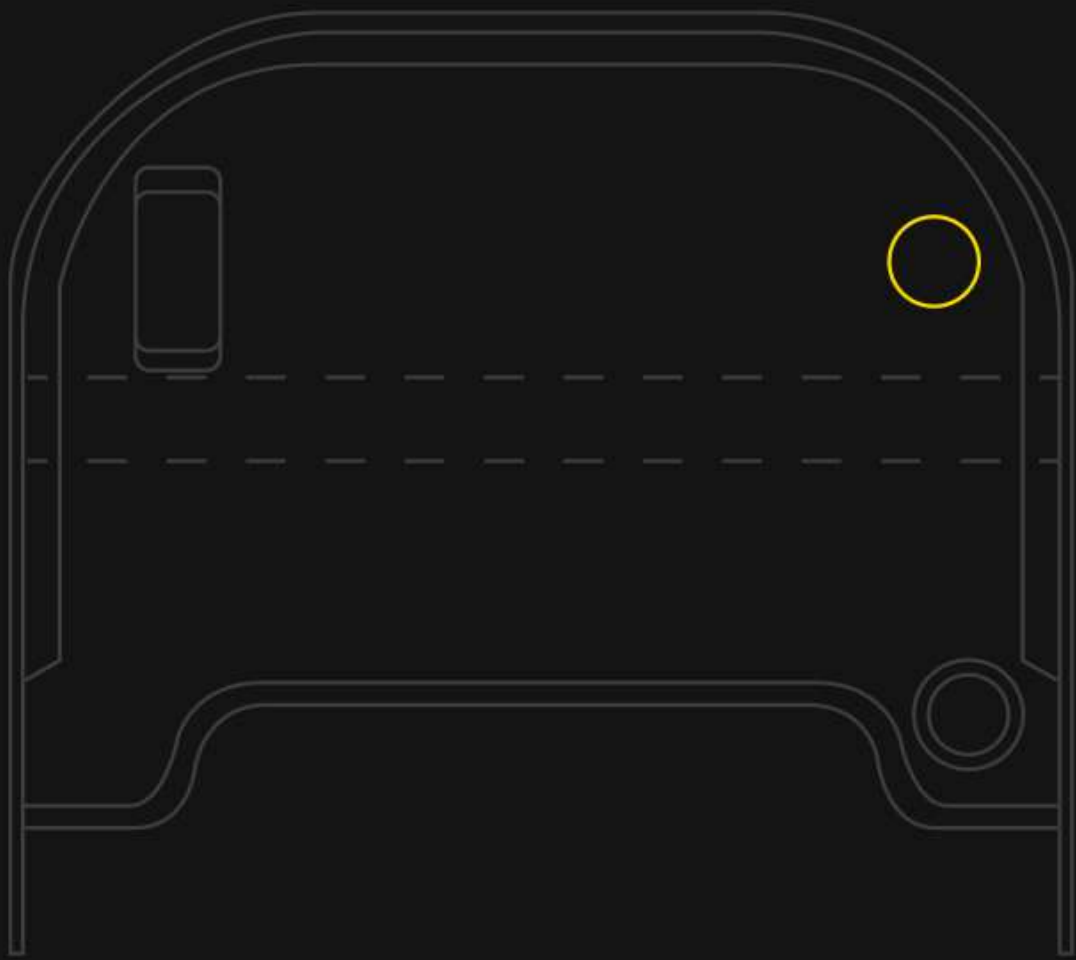

High-grade acoustic fabric enhances privacy & focus by reducing noise in open-plan offices or shared spaces.

6 Storage:

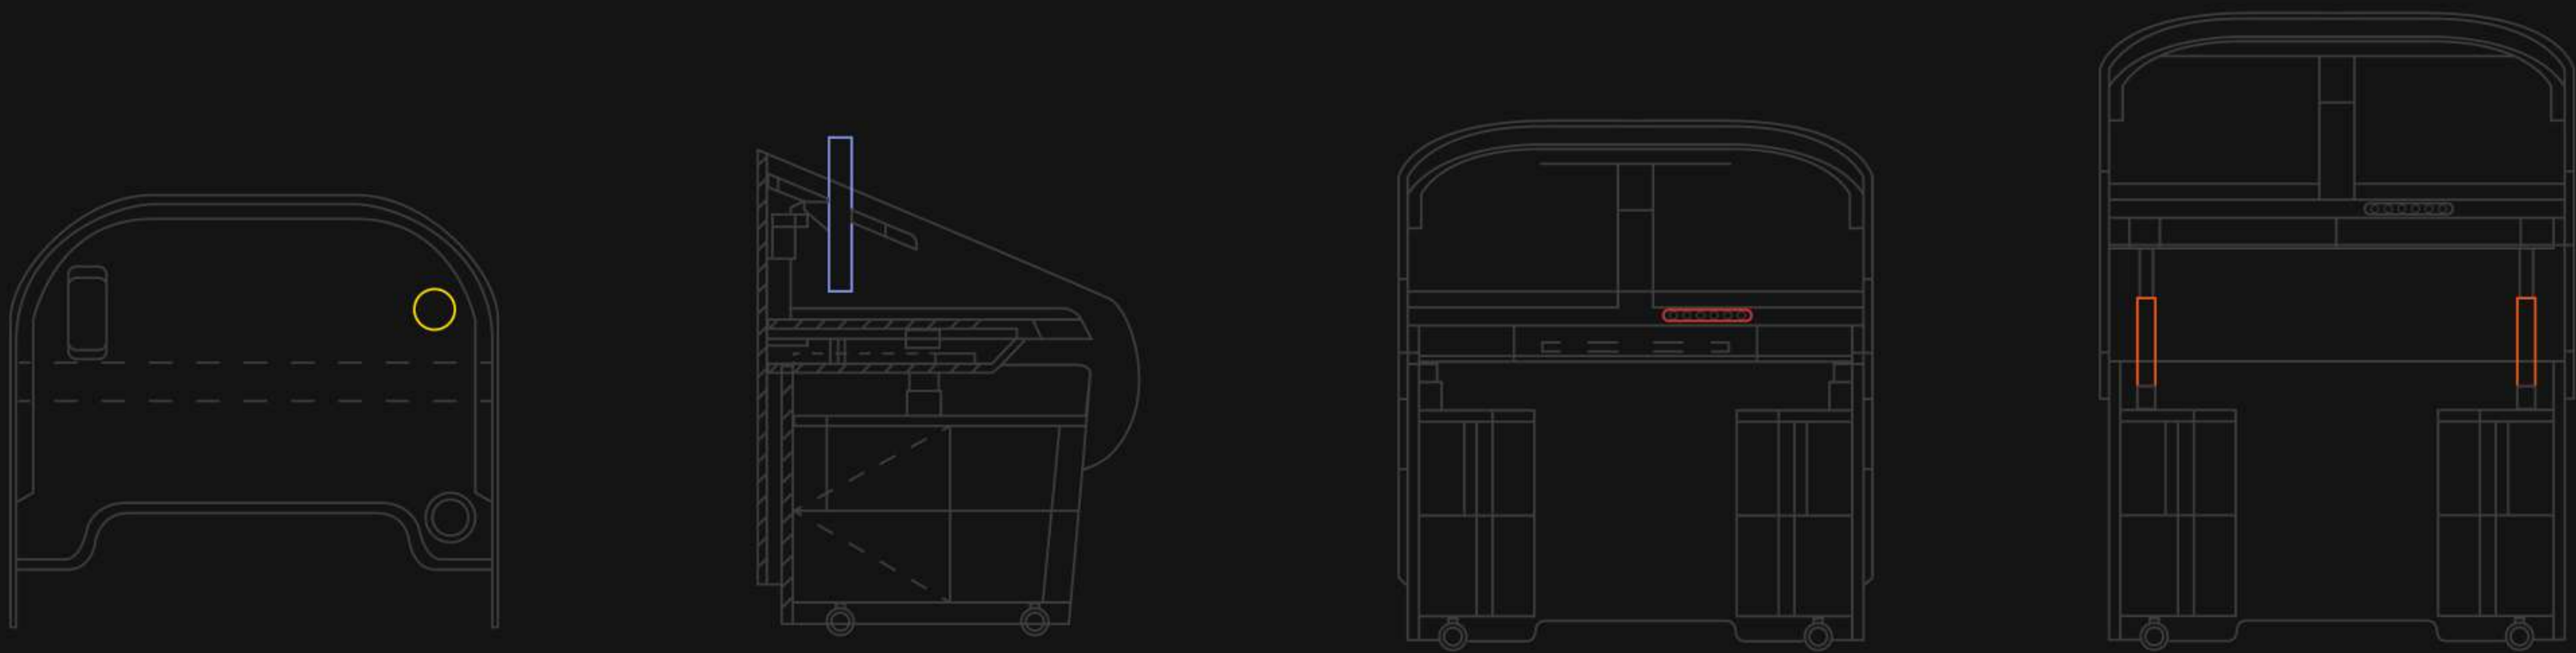

Conveniently located built-in storage drawer & cabinets.

7 Device Connectivity:

Connects seamlessly with a range of devices, including Windows and Mac laptops, iPads, and both iOS and Android smartphones via USB-C.

## Key Features

8 Wireless Charging:

Integrated 10W wireless charging dock for compatible smartphones & other Qi-enabled devices

9 Mobility:

Equipped with heavy-duty castor wheels with integrated locking brakes for smooth and stable movement across various floor surfaces.

10 Mobile App:

Wirelessly manage your work pod’s lighting, desk height & power via your smartphone.

11 Swivel Monitor Arm

Supports monitors from 21 to 32 inches with a VESA mount, enabling easy adjustments for optimal viewing angles and reduced neck strain.

12 Communicator Unit:

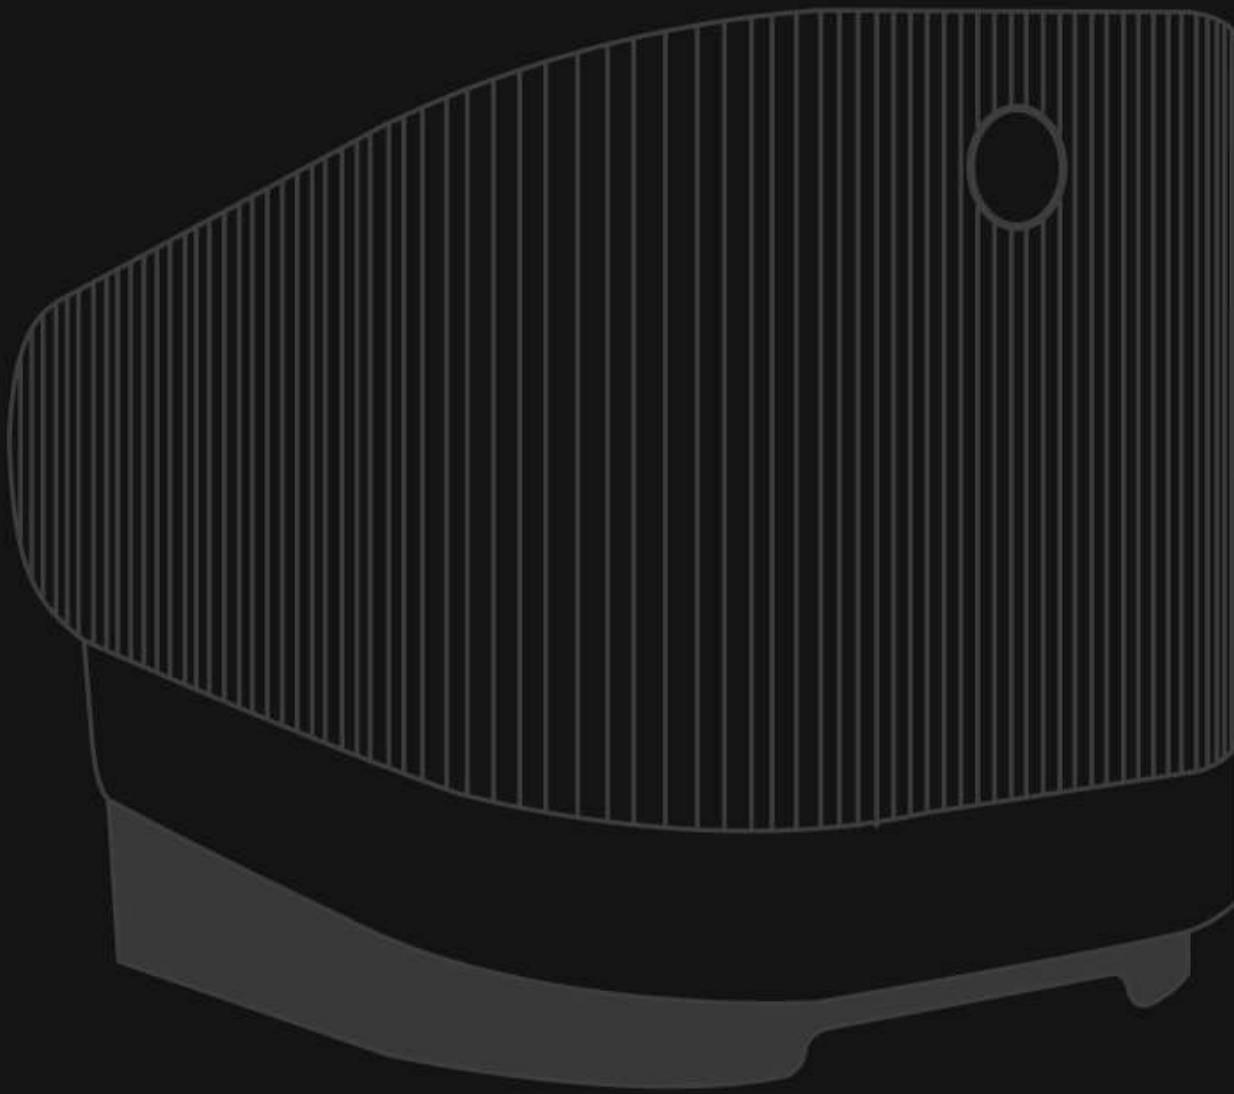

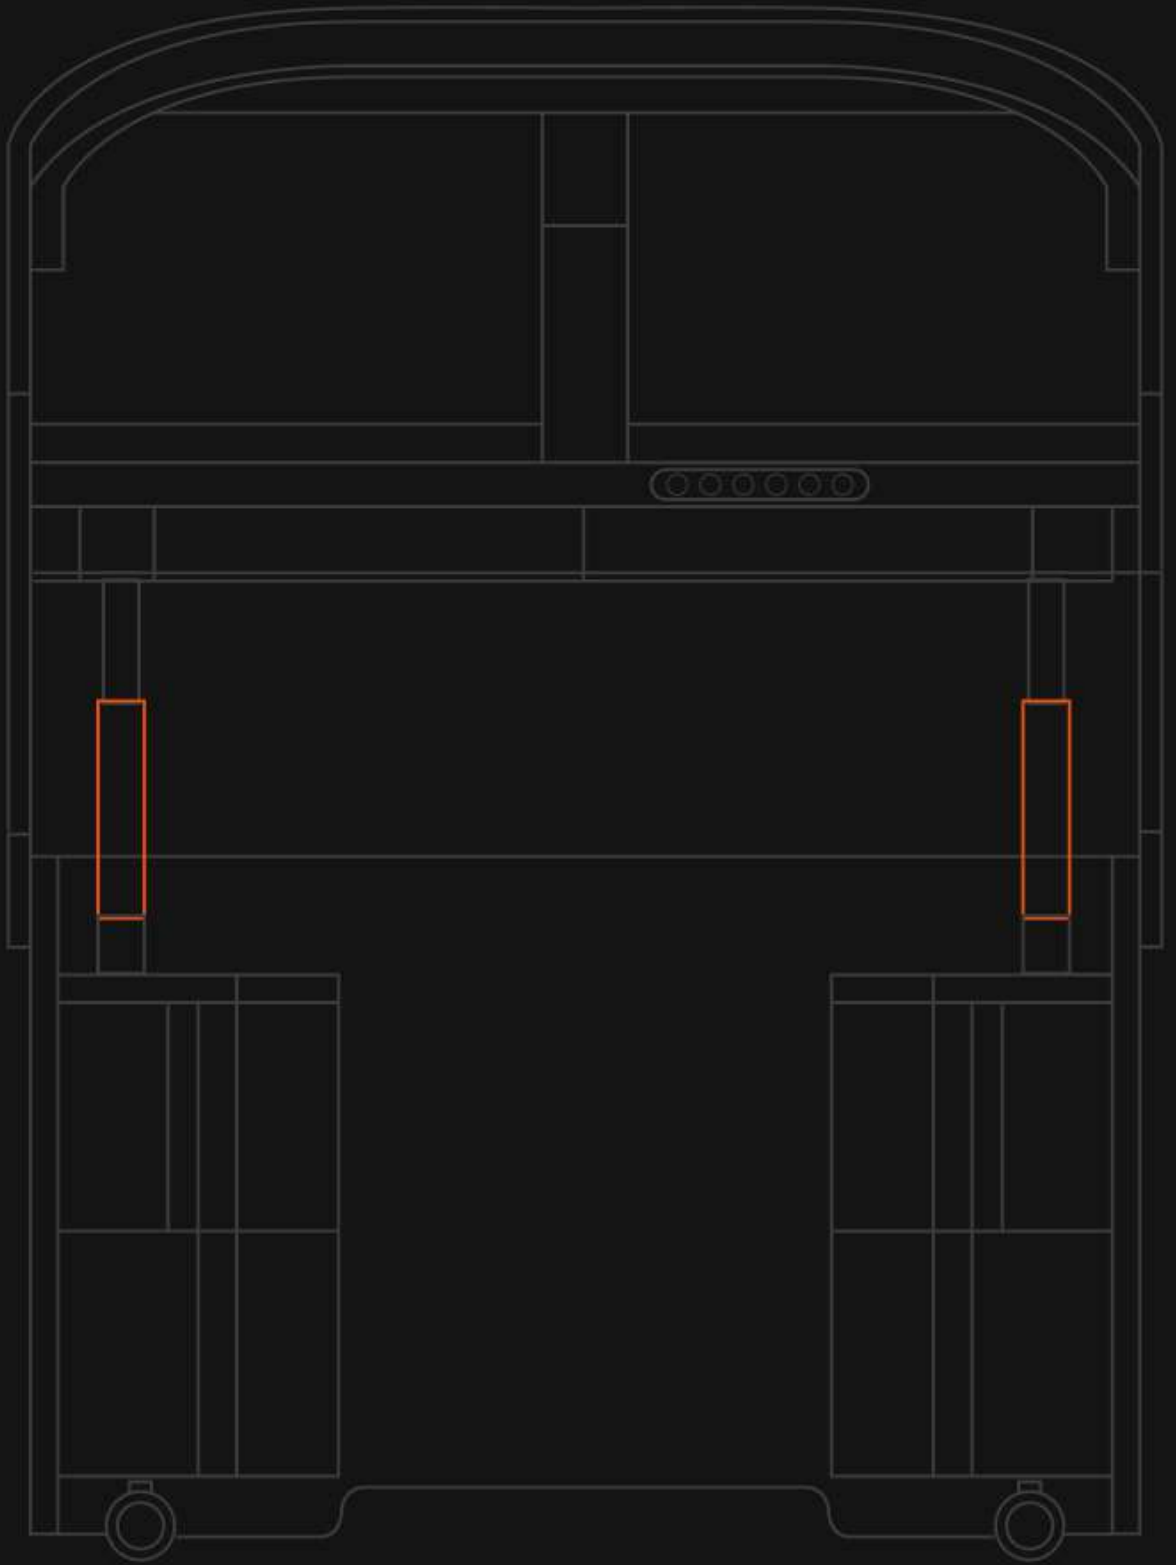

Portable communicator unit with SIM slot for secure and reliable cellular connectivity, enabling private and secure data access.

13 Wireless Keyboard & Mouse:

Allow for clutter-free workspace with a wireless keyboard and mouse for comfortable and convenient operation.

14 Vertical Laptop Stand:

Helps declutter your workspace & keeps your laptop organized & easily accessible
